

OPTICARE

Product information
SwiNco Opticare Meal
(code: 2101)

ABOUT OPTICARE MEAL

- Opticare Meal is a highly palatable and highly digestible creep feed which piglets will find appealing.
- Opticare Meal consists of a high percentage of milk products, to stimulate feed intake.
- The product is a complete feed, and fed ad libitum in its dry form topiglets.
- It is packed in 25 kg bags and it is best to use the product within 6 months of the production date.
- Store in a clean, cool and dry place.
- To maintain freshness, keep any partially-used bag closed.
- This product does **not contain blood plasma**.

OPTICARE MEAL
STIMULATES FEED INTAKE

BENEFITS OF USING OPTICARE MEAL

- Opticare Meal is very palatable for young piglets, and encourages feed intake.
- It produces heavier, healthier and more uniform piglets before and after weaning.
- Opticare Meal is developed to support and maintain intestinal health.
- Opticare Meal is a key component in the gradual weaning concept.

MIXING INSTRUCTIONS

- The product can be fed ad libitum from 5 days of age until 14 days before weaning.
- The product can also be fed as porridge for the first 5 days after weaning (2 litres of warm water per kg product).
- Make sure the feeders are cleaned and emptied once a day.

FEED PROGRAMS

The product is recommended for use in the *Dry-start*, *Opti-start* and *Easy-start* feed programs.
